Connect the mobile phone to the MD data cable, insert the MID data cable into the quad port (MDI interface on the functional backplane), open the mobile app for video recording, and click to start recording audio

4 . Automatic shutdown

The digital piano will automatically shut down after half an hour of inactivity, and the power needs to be turned on and off again before use

Precaution

Carefully do a good job of maintenance and protection of this product, to extend the service life of the product, reduce the failure of a very important role.

Avoid heat, moisture or direct sunlight.

Do not over-expose the product to direct sunlight or place it near an air conditioner or in an extremely hot place.

Do not use near televisions or radios.

This product may cause video or audio interference with television and radio reception. If this occurs, remove the instrument from the TV or radio.

Do not use paints, thinners or similar chemicals for cleaning.

Clean the product with a soft cloth dampened with water, soaked in the solution and wrung out until nearly dry.

Do not shake and avoid collision

The product should be placed carefully and gently when moving, and violent vibration and collision are strictly prohibited, so as not to break the shell or damage the internal electronic components.

Location

Avoid placing the product in the following places, otherwise there is a risk of fire and electric shock.

- Places with high temperature or dust.
- Kitchen or other places where there is grease and smoke.
- Places exposed to direct sunlight, or any other places where the product may be exposed to high temperatures.

Do not place heavy objects

Do not place heavy objects on the product, as this may overload the top of the product and cause it to tip over or cause objects to fall off, which may result in injury.

Prohibition of disassembly and modification

Do not disassemble or modify the product in any way. Failure to do so may result in electric shock, burns or other personal injury.

Dear customer,

Thank you very much for purchasing our TERENCE product! We greatly appreciate your support and trust in our products.

At TERENCE, we are passionate about providing high-quality musical instruments that inspire creativity and bring joy to musicians of all levels. Our products not only focus on precise sound quality but also strive to bring you unlimited creative space. We hope that you can enjoy the endless charm of music and ignite your musical creativity when using our products.

We would also like to invite you to join our vibrant community of music enthusiasts on our social media platforms. By following us on Instagram, Youtube, and Tiktok, you can share musical inspiration, educational content, and connecting with like-minded individuals who share the same love for music.
